

Step 1. Click on the icon in the lower left of the MyEyedro.com display. This is the plugin menu.

Step 2. Select Bills from the plugin menu.

Step 3. Select the Display Group you wish to view from the dropdown menu.

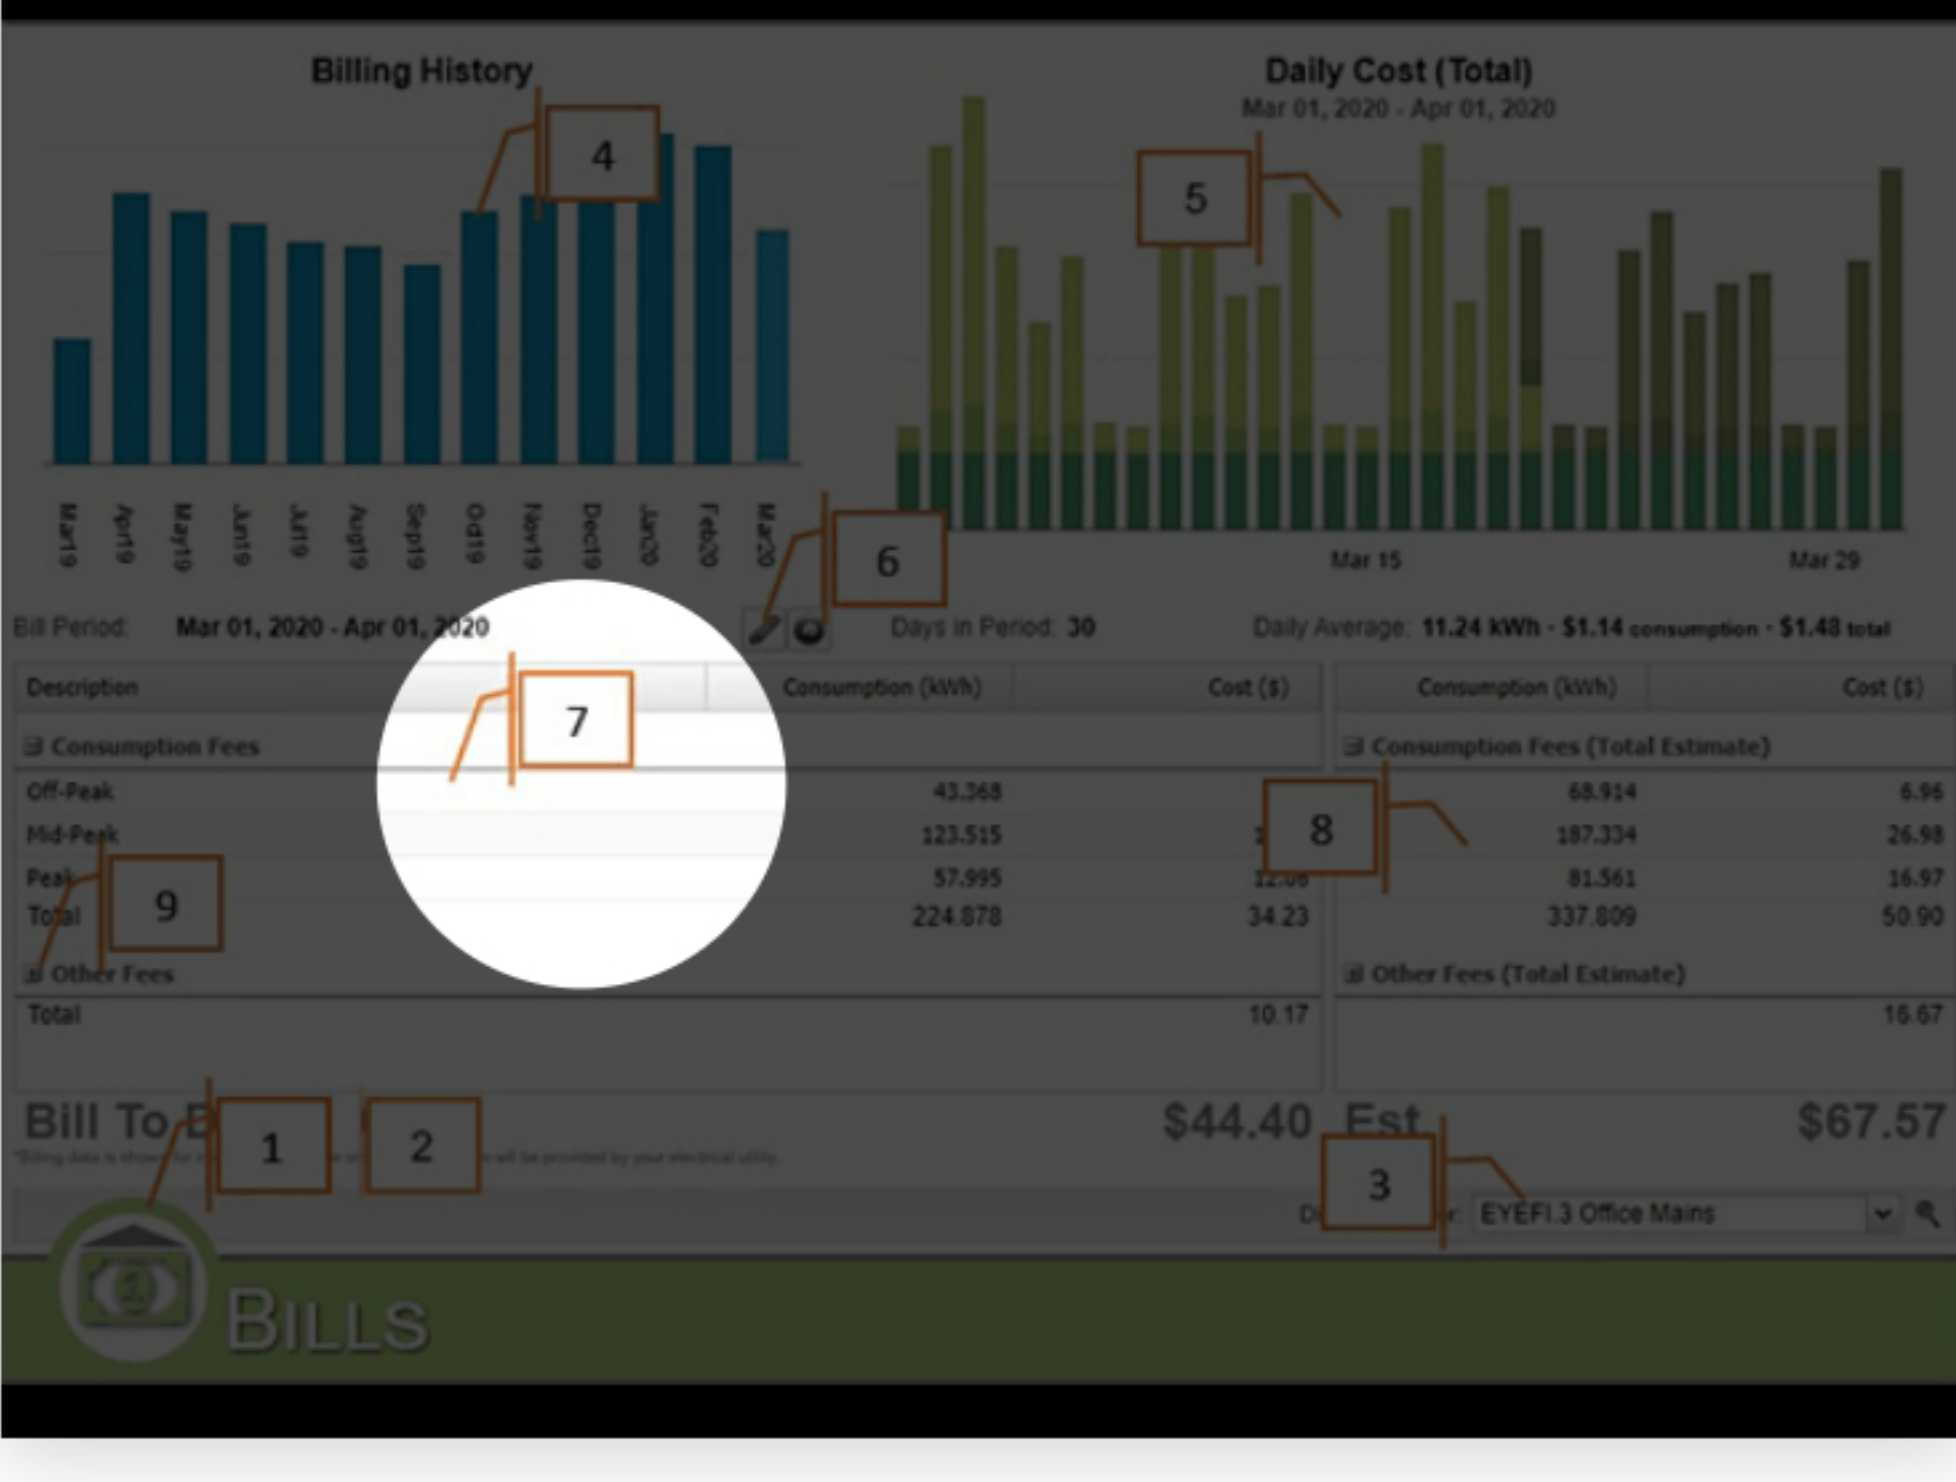

Step 4. The Billing History graph shows the current month's usage as well as the past 11 months' usage in kilowatt hours.

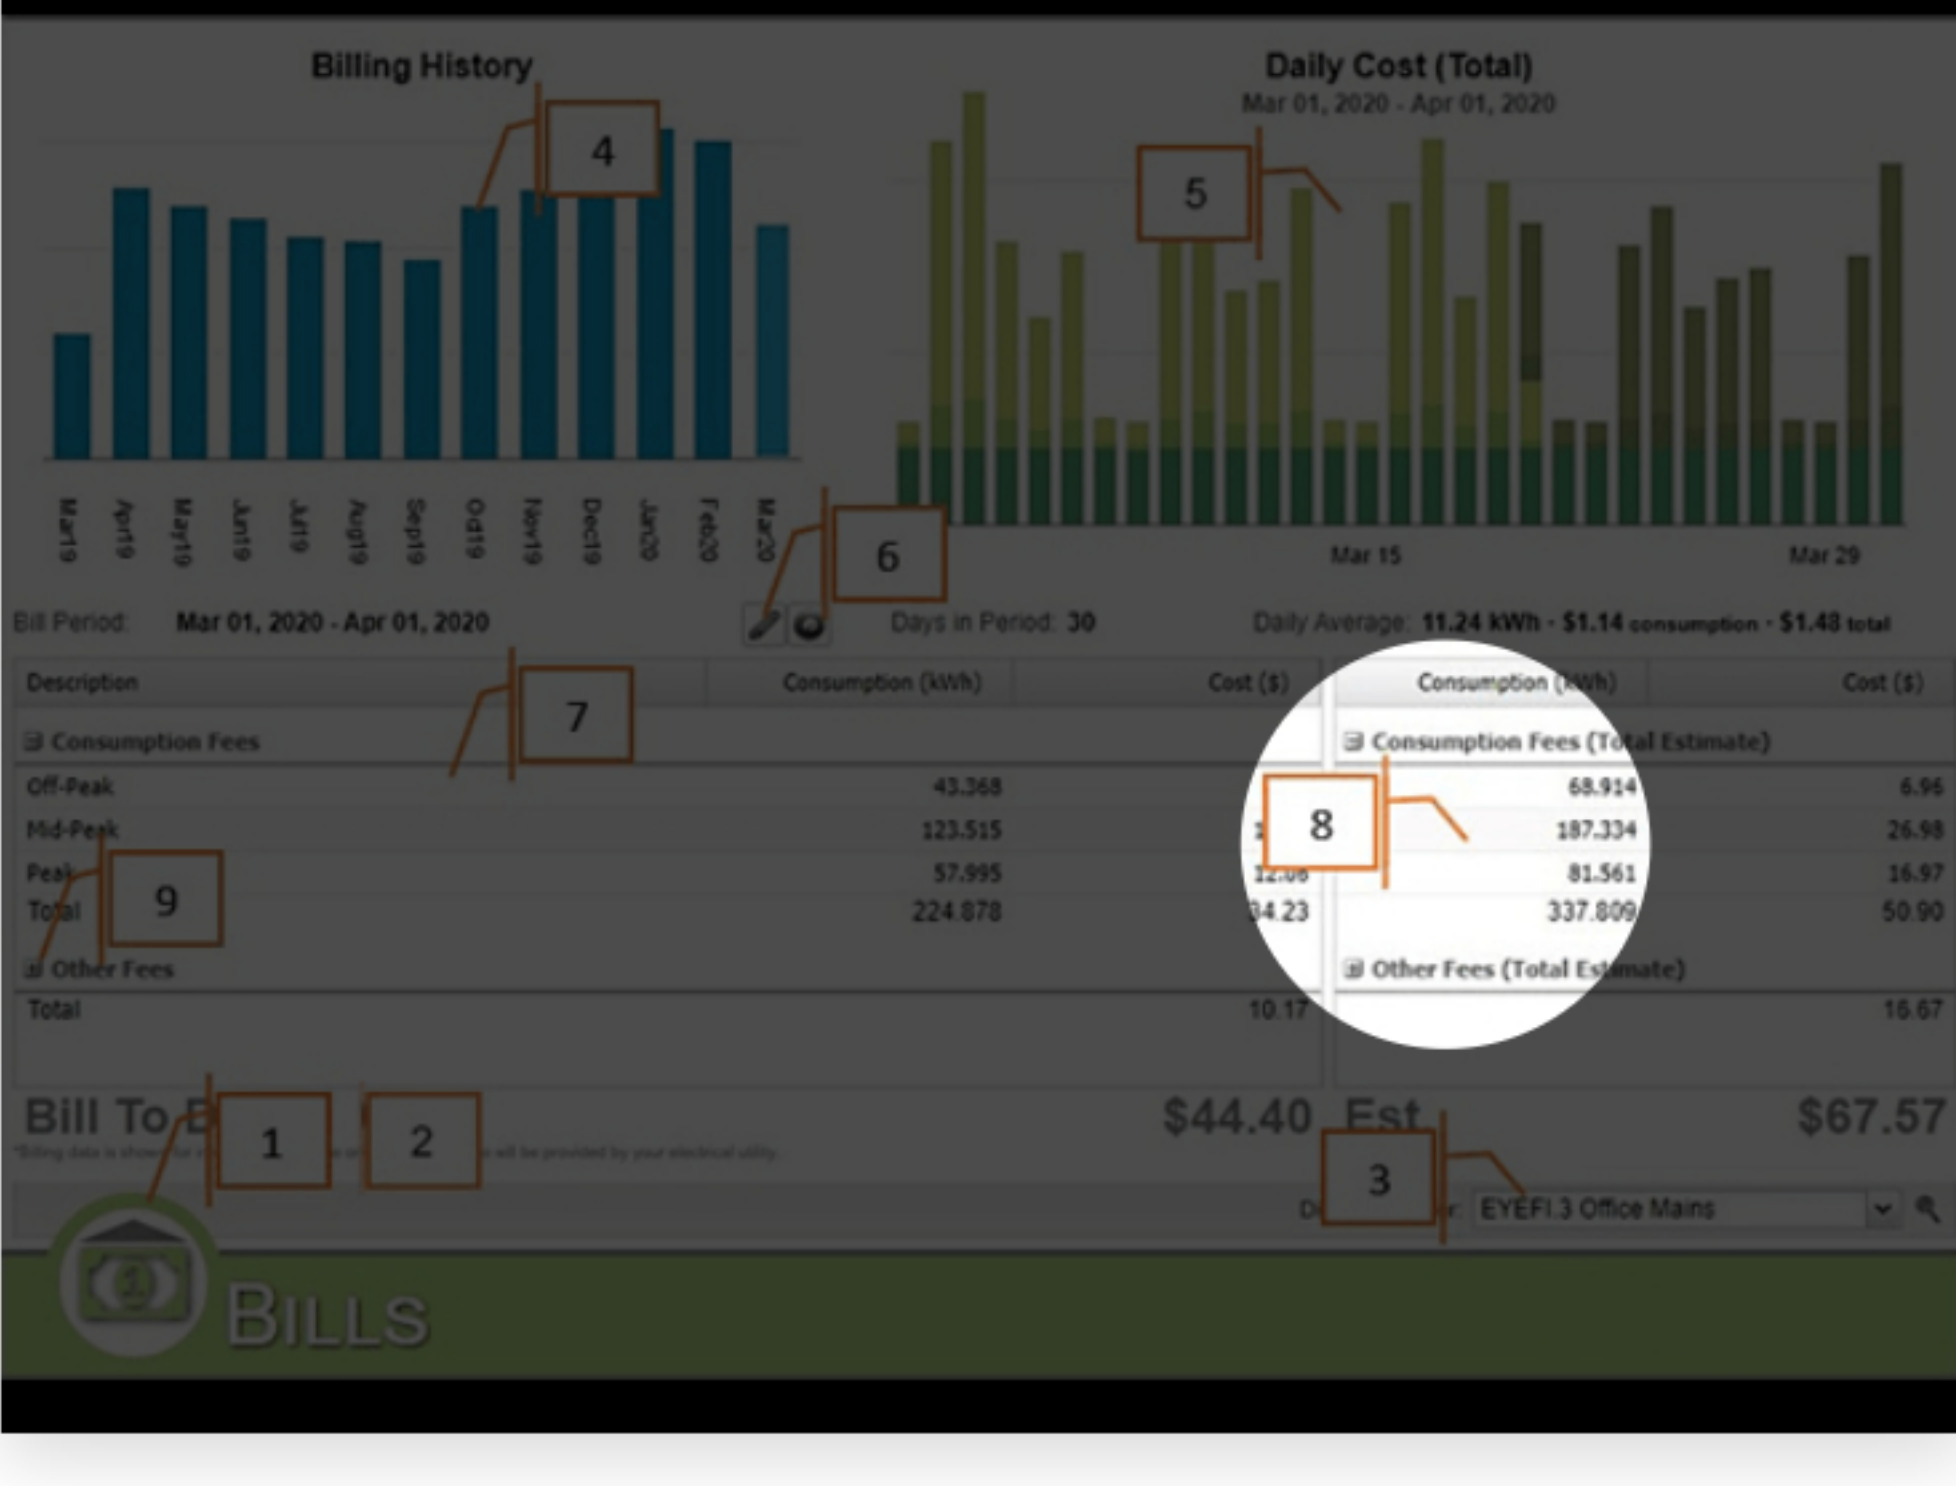

Step 5. The Daily Cost (Total) graph shows a daily breakdown of costs in dollars for the currently selected billing period.

Step 6. Billing period start and end dates can be adjusted. Click on the pencil icon to access settings. You can refresh the graph with the button next to the pencil.

Step 7. Bill To Date shows all consumption and costs for this billing period to date.

Step 8. The Estimate shows the estimated cost for this billing period based on historical usage data.

Step 9. Click the + in both grids to see the breakdown of other fees.
