

Full warranty policy details are available at [eyedro.com](http://eyedro.com)

Eyedro Green Solutions Inc. warrants this product for a period of one year from date of purchase for all defects in material and workmanship. Defective parts may be repaired or replaced, at the discretion of the manufacturer, during this period.

### Limited One Year Warranty

Visit [eyedro.com](http://eyedro.com) for any questions or comments. We value your feedback.

**DO NOT attempt installation unless you know where electrified areas within the panel are.**

Installation may require the cover of the main electrical panel to be removed while some wires are still electrified. Even when the main breaker has been turned 'OFF' certain areas of the panel may still be dangerous and carry the risk of shock, burn, and electrocution. Installation should be performed by a qualified electrician.

This insert provides very high level installation instructions. Complete installation instructions and video can be found in the Product Manual located at [eyedro.com/support](http://eyedro.com/support)

### Before Getting Started

## Quick Start Guide

### Electricity Monitoring System (EHM1-LV)

For applications not exceeding 200A up to 300VAC

## 1. Verify Package Contents

**A** (1)

**B** (2)

**C** (1)

**D** (1)

	QTY	DESCRIPTION
<b>A</b>	1	Eyedro Module (2 sensor ports)
<b>B</b>	2	200A Current Sensors
<b>C</b>	1	Low-voltage Power Adapter
<b>D</b>	1	10ft (3m) Ethernet Cable

## 2. Record Serial Number

Module SN:  -

## 4. Create a MyEyedro User Account

- 4.1** GO ONLINE TO: [my.eyedro.com](http://my.eyedro.com) to create your online account (or login if you have an existing account).
